**Genex Cabling Products**

*Genuine Service Quality Products Professional Results*

### *Premium Grade*

Hi performance premium grade cables specifically designed for highly accurate signal transmission in normal office or commercial environments. These cables are UL conforming RoHS compliant.

## **PERFORM X - PG**

*PVC*  

---

*Polyvinylchloride*

*Temperature -20°C to +80°C*

### *Wear Resistant*

Designed for electrical stability and reliable signal transmission in rugged industrial applications. This premium jacket also provides excellent cut-through, tear, and abrasion performance; combined with resistance to moisture, oils, and many industrial fluids.

## **PERFORM X - WR**

*SR-PVC*  

---

*Polyurethane*

*Temperature -20°C to +90°C*

### *Direct Burial*

This special type cable is suitable for direct burial and is designed to be run in a trench underground without the use of conduit to surround it. The electrical and mechanical characteristics of these cables will not substantially degrade after cable installation.

## **PERFORM X - DB**

*PVC*  

---

*Polyethylene*

*Temperature -20°C to +80°C*

**Severe Temperature**

Ideally suited for flexible high or low temperature applications in outdoor environments. Excellent abrasion, ozone, sunlight, chemical and oil resistance. Environmentally friendly fully recyclable and non-hazardous for environmental landfill disposal.

**PERFORM X-ST**  

---

*TPE*  

---

*TPE*

**Temperature -50°C to +125°C**

**Critical Performance**

Superior resistance to chemicals, solvents, water when electrical equipment is used in locations in which fire or explosion hazards may exist due to flammable gases or vapors, flammable liquids, combustible dust, or ignitable fibers or flyings.

**PERFORM X-CP**  

---

*Teflon®FEP*  

---

*FEP*

**Temperature -80°C to +200°C**

Perform X Cable Data

- 2-60 Conductor
- 1-50 Pair
- 28-14 AWG
- Jacket Color Options
- RoHS Compliant

Genex **Shield-Right** Options Include:

- Unshielded
- Aluminum Foil / Polyester
- Foil and Braid

Applications

- Automotive
- Data Logging Equipment
- Industrial
- Marine
- Mining
- Motor Control
- Oil and Gas
- Petrochemical
- Semiconductor
- Stage Equipment and Lighting

### *Genex On-Line Catalog*

At the Genex Cabling Products website customers can access the entire product line with easy to use navigation pathways. Users can enter a Genex, Manhattan, Alpha, or Belden part number that will automatically cross reference to the appropriate Genex part number. In the "Our Products" box you can browse over sections of the catalog or you can select the **red product search link** to gain access to color charts as well as Manhattan, Alpha and Belden cross references that can be downloaded directly from our website. Genex's commitment to its on-line catalog assures up-to-date product listings, specifications and general information to flow where and when its needed.

Genex Cabling Products is a major supplier of wire, cable, tubing and harnessing products. Our primary goal is to supply our customers with quality wire and cable products at competitive prices. We stock hundreds of SKU's in our centrally located warehouse near Chicago and ship within 24 hours after receipt of order. In addition to our fast turnaround time, we specialize in cut-to-length orders from our extensive inventory to meet your specific requirements. With over 120 years of combined industry experience, our professional sales team takes pride in servicing our customers.
